

Attract & Win More Deals

FUNDINGO Loan Origination software makes it easy to collect information from applicants, manages loan processing steps and keeps deals from getting stuck in the pipeline.

Get ahead of the competition with a system built for alternative lending

Shorten the deal entry process

Dynamic funding application consolidates all details and automatically parses to accounts, opportunities and contacts. Easily input data via phone.

Simplify deal submissions

Deal submission wizard provides a guided flow and can automatically submit to multiple lenders at once, complete with all necessary attachments.

Get more deals funded

Bi-directional API's, connecting Salesforce to some of the biggest funders in the industry: **LendingTree, OnDeck, CANCapital, National Funding, Merchants Capital Access, Kapitus**
